

COVID-19

Omicron Vaccination Have Begun

The new vaccines are expected to have **higher efficacy** against the omicron variants.

In the past two years, COVID-19 cases have increased during the New Year's holiday.
There are also concerns of a "twindemic" with seasonal influenza and COVID-19.

Please consider getting vaccinated to spend the holiday season peacefully.

Eligibility

All people **who are aged 12 or older and who have completed the primary series (previous two vaccines) at least three months** before can take a single booster dose.

Vaccine type

This vaccine is called the **bivalent vaccine**.
The Pfizer vaccine is for aged 12 or older, and the Moderna vaccine is for aged 12 or older.
